SGA Elections Tomorrow In Life Hall: Lepow and Tribble Vie For Presidency

Art Lepow

Ike Tribble

Bill Bauman

John Becker

The SGA elections committee has tried to make it easier for you to vote wisely. The place of election has been moved from Lower Center to Life Hall to conserve your energy. The rule concerning SGA cards has been altered slightly so that you need bring **either** the cover of your SGA book **or** Activity Ticket No. 47.

This election bulletin has been prepared with a great deal of time, effort, and **your money**. Take advantage of it.

Each of the candidates was asked two questions, "Why do you want this job?" and, "What do you consider your qualifications for that office?" Their answers are printed here.

Read carefully. Think clearly. Vote intelligently.

Then convince the other two thousand SGA members to vote.

Vol. XXXIV, No. 22

MONTCLAIR STATE COLLEGE

April 25, 1960

Candidates List Qualifications, Give Reasons For Running

It is the treasurer's job to collect all SGA fees and other monies and pay all just debts. He must keep a set of account books showing in detail all receipts and payments. In general, he is custodian of all funds, securities and evidences of indebtedness.

The election of Student Government Association officers will be held tomorrow, Tuesday, April 26, from 3:30 until 4:30 in the lobby of Memorial Auditorium. Students will vote to elect a president, vice president, treasurer, assistant treasurer, recording secretary and corresponding secretary for the year beginning July 1, 1960.

All members of the student body — freshmen, sophomores, juniors, and seniors — are eligible to vote as long as they have an SGA card and their names appear on the class list.

Since most students prefer not to carry their SGA books, they may present either the front cover of the book or activity ticket number 47.

This is the first year that the election will be held in Life Hall and it is hoped that this will encourage a large turnout of voters.

The president of the Student Government Association is the president of a corporation with an annual budget of over \$60,000. He has the power to sign on behalf of the Association all orders of the Board of Trustees, contracts and corporate notes. While the Board is not in session, he assumes the legal duties of the chief executive of a corporation.

Art Lepow

A member of the SGA Board, Art Lepow is a sophomore speech major. A resident of Stone Hall, he is a member of Senate and has a 2.5 cumulative average.

"The Student Government Association is the spokesman for approximately 2,000 undergraduates. It is the guardian of some 60,000 dollars yearly in student monies. The president of the SGA, as the chief spokesman for the student body, must be a responsible individual. He must also have experience. Working with both faculty and students he must be aware of the needs of the college and the students, and responsible to the opinions of the students.

"The experience I gained from representing the class of 1962 as a member of the Board has been invaluable. The job is complex, as I have indicated. Many people suggested that I be a candidate for the office, and this in large measure influenced my decision to run. I am encouraged by the number of students that have indicated their support of myself, for I realize that the job cannot be done successfully alone.

"With your help, I pledge an SGA of which you the students, the faculty and administration will be proud."

Ike Tribble

Social studies major Ike Tribble is president of the Sophomore Class. A member of Senate, he is a dormitory student with a 2.6 cumulative average.

"The main reason why I want to be president of the SGA is I feel I am fully qualified for the office. I think I have demonstrated some qualities of leadership in our class activities. I have worked on the Board for two years and I feel I know the ropes as far as the office goes. I realize that the SGA is a small corporation that operates on a budget of over \$60,000, and I don't think that someone without any experience can be expected to handle such a job as president of the SGA efficiently.

"I realize that high school qualifications are irrelevant in this situation, but I don't feel that we can discount our college activities. I was president of the Class of 1962 in our freshman and sophomore years, a member of the wrestling team this year, vice president of Boosters, co-chairman of finance for the Carnival of 1960, and I have been an active member of the Student Government Association for two years. I feel that these qualifications show experience and will aid me in performing the duties of the office of president of the SGA proficiently.

"I think the main point is to get our students out to vote."

Val Cerciello

Valerie Cerciello, a sophomore, is a dormitory student and a member of Kappa Rho Upsilon. Her cumulative average is 2.6.

"I am a business education major and interested in accounting and bookkeeping. Judging from my past experience with this work, I believe I would enjoy performing the duties that the office of treasurer entails.

"Also, I am interested in student and college affairs, and would like to have the opportunity to work more closely with such activities.

"I have served as treasurer of my Senior Class in high school. I was employed in an accounting office for two years, and I have had two semesters of accounting at MSC. I feel that these qualifications would help me. But, I believe that I also have a sincere interest and willingness to work."

Val Cerciello

John Becker

John Becker, the Junior Class SGA representative, is a social studies major with a 2.8 cumulative average. He is a commuter.

"I have served on the SGA for a year as Junior Class SGA representative, and I feel that my experience is necessary in the office of vice president. I have also become very active in a number of SGA activities and wish to continue my participation in those activities.

"My greatest qualification is, I believe, my experience. This experience is absolutely necessary for such an important office as that of vice president.

"Also, I have been president of two organizations, chairman of the assembly committee, member of the public relations committee, and participant in numerous other organizations and activities."

The vice president has the power to act for and instead of the president and perform any other duties delegated to him. He is chairman of the social committee to plan and supervise the social and recreational activities of the association. He, as well as the other officers, are expected to be active members of the Board, participating on a number of committees.

Kathy Rubinetti

Bill Bauman

The president of Agora, Bill Bauman is a junior accounting major, and has a 2.5 cumulative average.

"The office of vice president of the SGA is a very important office on our campus. I am well aware of this fact and I am willing to devote all the time that is necessary to further the cause of the school and the students."

Bill's activities include: "freshman and sophomore class representative, 1959 Carnival co-chairman, member of Boosters, member of the Faculty-Student Co-op, and vice president of Epsilon Mu Epsilon."

Kathy Rubinetti

Kathryn Rubinetti is a commuter. She is a business education major with the cumulative average 3.6.

"I would like to be treasurer of Montclair Student Government Association because I have been interested in the workings of the SGA and believe this is one position for which I am qualified."

Kathryn considers the following her qualifications for office: "(1) Business education background in both high school and college, (2) Two years of work experience before entering college, (3) Membership in National Honor Society and Pi Omega Pi, and (4) SGA Class Council, freshman year."

The assistant treasurer has the power to act in place of the treasurer in case of the latter's absence. He is in charge of ordering and issuing SGA cards to the members of the association. He is secretary of the financial committee and is supposed to carry out the duties requested of him by the treasurer.

Ida Stuber

Ida Stuber

Ida Stuber is a freshman dormitory student. She is a business education major with a first semester average of 3.96. She is a member of Delta Omicron Pi.

"Being assistant treasurer of SGA would be a very worthwhile experience. I would be gaining experience in handling records and would also be performing a worthwhile service to the school. Since I was secretary of my high school student council, I know that I would enjoy the work and strive to do my best.

Ida listed her qualifications: "(1) I have had the business course in high school with two years of bookkeeping (A grade). (2) In my junior year, I was treasurer of my class. (3) I have had experience with bookkeeping during summer positions. (4) In my senior year, I was secretary of my high school student council, and therefore I am aware of the great responsibility involved."

The corresponding secretary is in charge of all correspondence of the corporation. She is chairman of the Community Chest committee and is a member of the secretarial committee, ready to help with any secretarial jobs which might arise.

Elizabeth Bienenstock

Home economics major Elizabeth Bienenstock is a commuting freshman. Her average is 3.5.

"I would like a greater opportunity to be of service to my school. Montclair State College has opened many new avenues to me and I would like to help it to continue to do so for others.

"I am a representative to the freshman class council. I have served as corresponding secretary and recording secretary for a youth group during three years while I was in high school."

Joann Yannuci

Joann Yannuci

Joann Yannuci is a freshman business education major with a first semester average of 3.2. She is a member of Sigma Delta Pi.

"I would like to be the assistant treasurer of the SGA because I feel the SGA is a good hardworking organization, one of which I would like to be a part. I feel with my interest, ability, and willingness to work I could do a good job if given a chance.

"As I am a business education major, I have had experience in this field. My marks for last semester were very good—3.2—I think this is important. I have held an office in my high school, and know what and how much will be asked of me in this job. Lastly, I am willing to work and work hard."

The duties of the recording secretary are to take accurate and complete minutes of every Board meeting and to make these minutes available to the student body. She is the custodian of the corporate seal, minute book, contracts, copies of charters, inspectors' reports and ballots and the Certificate of Incorporation. In addition, she is operator of the SGA duplicating machine, chairman of the secretarial committee and chairman of elections.

Lorrie Lisinsky

This year's SGA corresponding secretary, Lorrie Lisinsky, is a sophomore secretarial major with a 2.6 cumulative average.

"I would like to hold this office mainly because I have enjoyed working on the board this past year as corresponding secretary very much. I feel I have gained a lot by the experience, and would like to remain a member of the board in the coming year. I feel, also, that as a business education major, holding this particular office would be an interesting, rewarding and beneficial experience for me.

"I had three years of a business course while in high school; I have worked as a secretary in a law firm; and, here at MSC, I have held the offices of recording secretary of Epsilon Mu Epsilon, and of corresponding secretary of the SGA during 1959-1960.

Katie Murphy

Secretary of the Sophomore Class, Katie Murphy, a social studies major, has a 2.8 cumulative average. A commuter, Kathie is a member of Theta Chi Rho.

"I feel that it is the duty of every Montclair student to be active in the Student Government Association, whether it be as a member of the student body of the college or as a member of the SGA Board. Every student should make a contribution.

"As this is my belief I think that my contribution can best be made at this time as a member of the Board. I feel that I could make a contribution to the betterment of the student body as recording secretary of the SGA.

"I think my most important qualification for office is a willingness and desire to work for the good of our school. I feel that this is my major qualification for office.

"Other than this, I have been, for the past academic year, secre-

Lorrie Lisinsky

Katie Murphy

tary of the Sophomore Class. I have worked on my class council for the past two years as both a representative and as its secretary.

"I have also served as president, secretary and treasurer of various high school organizations. Therefore, I am used to responsibility. I have had one half a year of stenography and two years of typing.

"These are my qualifications for office. But, as I have stated, the most important is a desire to work."

Joan Voss

Social studies major Joan Voss is a sophomore dormitory student. A member of Delta Omicron Pi, Joan has a cumulative average of 2.8.

"I feel that the SGA is the most important organization on campus. If this group is efficient and enthusiastic it will work hard for the betterment of Montclair State College and will in turn gain the enthusiasm and support of the student body as a whole.

"I would try, if elected, to do as much as possible to attain these goals, and would also try to carry out this job as efficiently as possible.

"I have tried to participate in as many extra-curricular activities as possible in high school and college. These include membership in the Freshman and Soph-

Joan Voss

Doris Weinpel

omore Councils, the Women's Inter-Dormitory Council (Honor Board), Carnival co-chairman of equipment, several class committees, Boosters, and Delta Omicron Pi. In high school I was president of FTA, vice president of the social committee, vice president and secretary of the Tri-Hi-Y, captain of the Golden Girls (majorettes), theme editor of the yearbook, and a member of Honor Society, language club, and social studies clubs. Out of school I am past president of Tonnley Assembly No. 12 Order of Rainbow for Girls and Walther League."

Doris Weinpel

Doris Weinpel is a sophomore and a member of Dalphac. She is a commuting science major with a 2.8 cumulative average.

"I want to be recording secretary of the SGA because I honestly feel I can do this job well. It would be a privilege and an honor to be able to keep the school abreast of SGA activities and perform the other duties involved while serving in such an office.

"The qualifications I consider necessary for the position of recording secretary are a keen, alert and interested mind and a one-year immunity to writer's cramp, otherwise known as 'go power.' I truly believe I fulfill the above and if elected I will make a sincere effort to do all in my power to help better our college."

Karla Reid

Carolyn Scorza

Karla Reid

Freshman Karla Reid, a commuter, is a member of Dalphac. She is a fine arts major with a first semester average of 3.8.

"I have a sincere interest in the student government of Montclair and would like very much to make some contribution to the school. I have best demonstrated this by my work on the class float and as Players' publicity chairman. I feel that I am best qualified to work in the capacity of corresponding secretary.

"I feel that I am qualified for this office not only because I am a willing worker, but also because I have held several offices in high school which will give the necessary experience to be a good corresponding secretary. While at Caldwell High I was business manager of the school newspaper and secretary of the Junior and Senior Class.

"I fully understand the responsibility of that office, and if elected will fulfill my duties to the best of my ability."

Carolyn Scorza

Carolyn Scorza, a freshman Spanish major, is a commuter and has a 2.8 average.

"I want to hold this office because SGA represents the whole student body and by being an officer I will be able to carry out the wishes and demands of the students. I believe SGA is a working organization which has accomplished much in the past for the good of the school and I would like to help it carry out the fine work.

"One of my best qualifications is the fact that since I have come to Montclair I have held several offices and am now co-chairman of the SEAM carnival booth committee. In all this work I have proven sufficiently successful.

"I have a fairly good command of English and I know something about business correspondence. I want to do a good job, and I feel this in itself is an important qualification."

This is a special issue of the *Montclarion* for which the SGA has paid. Congratulations and many thanks are extended to Carole Grehl, recording secretary of the SGA, who did the bulk of the work in preparing this issue.

—M.A.J.
